What is a Study Plan

DEFINITION OF STUDY PLAN

The **study plan** is the complete list of educational activities required to graduate. Each degree programme includes a number of educational activities such as exams, laboratories, course units, workshops, internships, thesis or other activities.

Some educational activities are **compulsory**, others are **optional** (choosing between) or **electives (free choice)**.

CREDITS OF A STUDY PLAN

The study plan is the complete set of educational activities you must carry out in order to earn the **credits (CFU/ECTS)** required to graduate:

- **Bachelor's degree: 180 CFU/ECTS**
- Master's degree: 120 CFU/ECTS
- Single-cycle degree: 360 CFU/ECTS

TYPES OF STUDY PLAN – 1st and 2nd year

For the 1st and 2nd year of enrollment in this Bachelor's Degree Programme (for both curricula) you cannot choose which teaching activities you want to take because all of them are mandatory.

Students will automatically find their mandatory teaching activities uploaded in their booklet.

As it is incremental, the Study Plan is valid for **one year** and refers **only** to the academic year in which the student is enrolled.

TYPES OF STUDY PLAN – 1st and 2nd year

For 1st and 2nd year students the Study plan is of the type “STATUTORY / STATUTARIO**”.**

This type of study plan is automatically uploaded on Uniweb (in each student's reserved area) by Ufficio Carriere Studenti.

YOU DO NOT HAVE TO FILL IN YOUR STUDY PLAN

TYPES OF STUDY PLAN – 3rd year

For the 3rd year of enrollment each student can choose two elective teaching activities among those recommended by the Educational Rules of the Study Programme or from the entire **University catalogue, for a total amount of 12 CFU.**

YOU WILL HAVE TO FILL IN YOUR STUDY PLAN

KEY ASPECTS TO KEEP IN MIND

When in your 3rd year of enrollment please remind that:

the Study Plan must be filled in and presented via **UNIWEB**, which is accessed using your University credentials (username and password).

Please be also aware that you **cannot register for an exam** if you have not submitted your study plan

HOW TO CHECK MY STUDY PLAN

For the 1st and 2nd year of enrollment your study plan is statutory → you do not need to confirm the plan, it will appear directly in the “APPROVED” status. If you want, you can just print it.

Study plan of: [REDACTED]

In this page you can complete your study plan when the procedure is open for your degree course. If you have just completed your study plan, please click on “Confirm study plan” at the end of this page. If you have a statutory study plan (completed by the student office), you do not need to submit it to the registrar office. If you are an exchange student or your study plan refers to a Specialisation School (Post Lauream), you do not need to print it nor to send a copy since the relevant office will automatically acquire it.

OFA – Additional Learning Requirements (ALRs)

- It is **assigned only** to enrolled students **who have obtained a score lower than 7/20 in the Mathematics section of the English TOLC-I test.**
- It will be **part of your booklet** and not of your study plan.
- **No CFUs and no grades are assigned to the OFA.**
- Students with OFA have to enroll in the **online MooC course of Precalculus**.

IMPORTANT:

Prior to the fulfillment of the OFA you cannot take:

- the exam of **Fundamentals of Mathematics**
- **2nd year exams**
- **3rd year exams and also elective courses and internship**

If you do not **fulfill the OFA by 30 September 2026** you will be enrolled for the following academic year as a student repeating the 1st year.

Check carefully this [**page**](#) for more detailed information

Check your booklet and verify if you have been assigned the OFA.
