## **What is a Study Plan**

# DEFINITION OF STUDY PLAN

The **study plan** is the complete list of educational activities required to graduate. Each degree programme includes a number of educational activities such as exams, laboratories, course units, workshops, internships, thesis or other activities.

Some educational activities are **compulsory**, others are **optional** (choosing between) or **electives (free choice)**.

# CREDITS OF A STUDY PLAN

The study plan is the complete set of educational activities you must carry out in order to earn the **credits (CFU/ECTS)** required to graduate:

- **Bachelor's degree: 180 CFU/ECTS**
- Master's degree: 120 CFU/ECTS
- Single-cycle degree: 360 CFU/ECTS

# WHO HAS TO FILL IN THE STUDY PLAN?

**Students enrolled in the 2<sup>nd</sup> year (for both curricula) **DO NOT HAVE TO FILL IN THE STUDY PLAN.****

**Why?** Because all teaching activities are mandatory.

Students will **automatically find their mandatory teaching activities uploaded in their booklet.**

# WHO HAS TO FILL IN THE STUDY PLAN?

**Students enrolled in the 3<sup>rd</sup> year (for both curricula) **HAVE TO FILL IN THE STUDY PLAN.****

**Why? Because each student has to choose 2 elective teaching activities **from a minimum of 12 CFU up to maximum 16 CFU.****

**When? During the defined **time window** for filling in the Study Plan:  
from **5 November 2025** to **26 November 2025.****

# KEY ASPECTS TO KEEP IN MIND

On your **3<sup>rd</sup> year of enrollment** carefully remind that:

- the Study Plan must be filled in and presented via **UNIWEB**, which is accessed using your University credentials (username and password).
- **you cannot register for an exam** if you have not submitted your study plan and/or it has not been approved yet.
- after having submitted the graduation application, you cannot change your study plan!

Study plan

Study plan of: [REDACTED]

In this page you can complete your study plan when the procedure is open for your degree course. If you have just completed your study plan, please click on “Confirm study plan” at the end of this page. If you have a statutory study plan (completed by the student office), you do not need to submit it to the registrar office. If you are an exchange student or your study plan refers to a Specialisation School (Post Lauream), you do not need to print it nor to send a copy since the relevant office will automatically acquire it.

# HOW TO FILL IN THE STUDY PLAN

Pay attention to the differences among the two types of study plan!

You want to choose the elective courses among those **proposed by the Degree Programme, for your specific curriculum**

→ you have to choose the **AUTOMATICALLY APPROVED STUDY PLAN**

You want to choose the elective courses from the **University catalogue or from those proposed for the other curriculum**

→ you have to choose the **STUDY PLAN SUBJECT TO APPROVAL → the Teaching Commission will carefully evaluate your proposal.**

# AUTOMATICALLY APPROVED STUDY PLAN

Let's consider the first scenario: you choose the **AUTOMATICALLY APPROVED STUDY PLAN**. Select that option, click on “**OK**” to continue the procedure.

Rule - No.1 - Year of course1

Students enrolled in the third year of the bachelor's degree program ex DM 270/2004 (enrolment in the a.y. 2023/2024 - curriculum Human Health) are required to complete the online study plan. For more information visit the website <https://www.scienze.unipd.it/en/services/study-plan/>. The study plan needs to be filled in with the first, second and third year activities. The study plan includes mandatory and elective courses, the latter can either be chosen within a given list of courses offered in the curricula or freely chosen by the student. When filling in the study plan, the student can choose an automatically approved study plan. In this case, the elective courses independently chosen by the student must all be selected from a given list and the plan will be automatically approved. The student can otherwise choose a study plan subject to approval, which will be reviewed by the didactics committee for approval. In this case, the activities freely chosen by the student (CREDITI LIBERI) can be selected from all courses taught at the University of Padova. A choice consistent with the study plan is highly recommended in order to increase the chance of approval.

# STUDY PLAN SUBJECT TO APPROVAL – ELECTIVE COURSES

Choosing the study plan subject to approval the following combinations of elective courses might be possible:

- 2 elective courses proposed for the other curriculum
- 1 elective course proposed for your curriculum + 1 elective course proposed for the other curriculum
- 2 elective courses chosen from the University catalogue
- 1 elective course proposed for your curriculum + 1 elective course chosen from the University catalogue
- 1 elective course proposed for the other curriculum + 1 elective course chosen from the University catalogue

**Note that not all Departments allow students enrolled in other degree programs to include their courses in their study plan as "electives"; Uniweb automatically filters out all the non-selectable courses guaranteeing the student a correct choice.**

# STUDY PLAN SUBJECT TO APPROVAL – ELECTIVE COURSES

## Some indications

- ✓ **Check carefully** the elective courses you have chosen **before submitting the study plan**
- ✓ Do not forget that the elective courses must **complement** and **enhance your knowledge in areas related to human and environmental health**.
- ✓ Keep in mind that for courses held in a different venue than yours, online lectures are not available (you should arrange a solution with the professor)

If necessary you can seek advice via email from Prof. Tito Calì and Prof. Antonella Russo (please write one email with both of them as recipients), clarify your name, surname, student number and your curriculum.

# STUDY PLAN SUBJECT TO APPROVAL – COMMON DOUBTS

1. **Can I choose as electives, courses offered in other Bachelor's Degrees at Unipd?** Yes, you can, but your study plan must be approved by the Teaching Commission.
2. **Can I choose as electives, courses offered in Master's degree?** **No**, you can only choose among courses available for Bachelors.
3. **Can I choose an elective course held in Italian?** Although choosing courses taught in English is strongly encouraged, you may also select courses taught in Italian. In that case, the professor will determine during the exam (held in Italian) whether you have acquired the language and subject knowledge required to pass.
4. **Can I choose as elective course an Italian language course?** **No**, Italian language courses cannot be chosen, as there are specific courses offered by the University Language Centre (CLA) for that purpose.

# STUDY PLAN SUBJECT TO APPROVAL – COMMON DOUBTS

**Exams passed in foreign universities (e.g. Erasmus)** can also be recognized as "electives", according to the credit recognition criteria decided by the “International Office”.

Students will be able to include such electives in their study plan only when the exams taken abroad have been registered and appear on the online booklet.

It is highly recommended to check in advance the possible recognition with the professor in charge to sign your Learning Agreement (prof. Gaia Codolo and prof. Maria Elena Miletto Petrazzini).
